THE OIL FOR THE FARMER

A bottle of Canadian Healing Oil in the farm house will save many a journey for the doctor. It is not only good for the children when taken with colds and croup, and for the mature who suffer from pains and aches, but there are directions for its use on sick cattle. There should always be a bottle of it in every house.

There Is Always a Reason Why.

If you are not well — there is a reason. If you do not get well — there is a reason. The reason is, probably, the same in both instances, namely, that your system is so run down, that it is in no shape to either resist or throw off disease. The remedy is obvious — build up the constitution, and Nature will do the rest. As a System builder

FERROL

the original and only combination of Cod Liver Oil, Iron, and Phosphorus, easily holds the record. Unlike most other Cod Liver Oil preparations, FERROL is palatable and easily digested, and may be taken with advantage by every one at every stage of life — from infancy to old age. To those whose system is impaired or run down — FERROL is a prime necessity, and is the only preparation that can be depended upon to do what is claimed for it.

years second victim of north end rooming house tragedy died without regaining consciousness. When police called late Thursday night found Mrs.

Empire's Capital DRESSED UP FOR CORONATION.

London Apl 30th.—Empire's Capital dressed up for Coronation in gala mood Friday night as thousands poured in City for most memorable English Football Cup Final in years. Game itself annual four star attraction at spacious Wembley and always spectacular sight given added prominence when it was announced a few weeks ago that the King & Queen will attend. It marks their last appearance before huge crowd estimated at 93,000 before Coronation morning. In former years all modest transportation brought into play by Soccer enthusiasts representing practically every section of the country. Weekend excursions have been arranged from Durham and Lancashire and more than hundred trains from all directions will bring additional thousands citywards from dawn till game time. Odds slightly favour Sunderland. Scalpers getting public both ways operating Coronation stand reservations for Cup finals or vice versa and piling up neat profits in double bargaining. It was generally hoped precedents be set at final when Football Association suggested to team officials players be numbered. It was turned down. Big pitch visited Thursday by players. Is in perfect condition only one game staged at stadium previous season.

BANDITS.

Kingston, Jca May 1st—Bandits held up pay clerk of Public Works Department at Stony Hill Road last afternoon got away with bag containing £150 cash. Police made two arrests including chauffeur recovered £40 hid behind picture tavern seaching, remainder cash.

JAMAICA NEWS

Kingston, Jca May 1st—No more male Chinese allowed to enter the island but women still coming brides resident Chinese. Barton and Kelshall Trinidad delegates to Gasolene Conference left by plane this afternoon for Trinidad.

Good Year Means GOOD WEAR

Margaret Channell dead with bullet wound through temple husband unconscious with another head wound. Couple found lying on floor their basement kitchen by sixteen year old son Donald.

Spanish Civil War.

EVACUATION OF CIVILIANS FROM BILBAO.

London, May 1st.—British merchantmen aid by British warships will carry out evacuation of civilians from Bilbao with or without the consent of Franco informed sources disclosed on Saturday. No Government official would admit receiving Franco's announced refusal to respect the ships evacuating refugees from the capital. Instead, it was stated, the Government "assumes that Franco will assent" to the move. The British warships have been ordered to protect the ships bearing refugees outside of the Spanish three mile limit. Authorized Spokesmen pointed out that Franco never before had interfered with ships leaving Spanish Government ports but only those seeking to enter ports.

Hendaye, May 1st.—Captains of a few British merchantmen are ignoring Spanish Insurgent refusals to respect any foreign ships inside their Bay of Biscay "blockade," agreed on Saturday to evacuate as many children as possible from Bilbao. Captains of nine ships which already reached Bilbao through Insurgent sea gauntlet said they hoped to be able to remove between four and five thousand children from St. Jean de Luz. They announced their plan after a conference with the British Consul at Bilbao, A. C. Stevenson. The ships which reached their anchorages in Nervion river to relieve food crisis of the war swollen population last week are Portlet, Hamsterley, Thurston, Marvia, Sheadfield, Backworth, Blackhill, Thorephall and Consett.

St. Jean de Luz, France, May 2nd.—Gen Emilio Mola's Insurgents were reported in diplomatic dispatches to have smashed through last line Basque defences on Bay Biscay coast and to have reached the gates last arenas between Bilbao and sea.

London May 3rd.—Franco on Monday informed British Govt. he was opposed to plan to evacuate civilian population of Loyalty in Bilbao. His reply to the Govt's notification of the scheme to evacuate Bilbao received at the Foreign Office today. Note stated that Franco appreciated humanitarian reasons which dictated British move but nevertheless disapproved. It was not thought that Insurgent note would change Govt's plans to lend naval aid beyond 3-mile limit to ships evacuating refugees.

St. Jean de Luz May 3rd.—Diplomatic quarters heard Monday that Spanish Govt. had sent its biggest battleship "Jaime Primo" to Bay of Biscay apparently in move to shell Insurgent lines around Basque Capital. British and French men-of-war patrolled the Bay to protect

HITLER THREATENS CLERGY.

Berlin, May 1st.—Hitler threatened bluntly on Saturday to "withdraw clergyman's license" from any who try to disturb our community spirit "he lashed out at the opposition, Catholic and otherwise, in a speech at Lust Garten before 500,000 workers. "If anybody tries through Encyclicals, sermons or other religious measures to disturb our community spirit we will simply withdraw clergymen's license from such" he said "it will not do for certain circles to criticise our morals when they have the greatest reason to be concerned about the morals in their own ranks."

merchant vessels bringing first refugees out of Bilbao. Diplomats asserted "Jaime Primo" carrying 12 inch guns probably would be able to strike crushing blow against Insurgent vessels operating in the Bay particularly since sinking by Govt. planes of Insurgent's heaviest warship "Espana."

NOTICE

To the public in general and especially to the policy holders of the Crown Life Insurance Co. and the Western Assurance Co., I the undersigned will be absent from this Island for a short period during which time my business will be carried on by my attorney Mrs. Virginia Gumbs as usual, who has the authority to collect premiums and issue the necessary receipts for the above named Companies.

In case of claim, kindly get in touch with Mrs. Virginia Gumbs immediately, who in return will guide you accordingly.

Thanking you for your co-operation in this matter.

JOHN GUMBS,

Agent for the above-named companies.

London, May 1st.—Lord Howe British Racing Driver broke his collarbone and fractured several ribs when his racing car went into skid during Campbell Trophy Race at Brooklands on Saturday. He was taken to the hospital.

Headmaster for Grammar School

(ST KITTS-NEVIS)
CHOSEN OUT OF 396
APPLICANTS.

(From a Scotch newspaper)

Mr. Donald S. Clark, B.Sc., at present assistant in Beath Secondary School, has received the appointment of headmaster of St. Kitts Secondary School in the Leeward Islands, West Indies.

The youngest son of Mrs. J. Clark Leven, he was educated at Inverkeithing Public School, George Heriot's School, Edinburgh, and Buckhaven Secondary. He took the degree of B. Sc. in zoology and chemistry, mathematics and natural philosophy, with specials in zoology and chemistry. Mr. Clark did biology research in 1930 under Dr. A. Bowman, scientific supervisor to the Scottish Fishery Board, and was a member of a delegation from St. Andrew's University to the inter-university biology Conference in 1932. He was engineer with Caldwell Ltd., paper makers, Inverkeithing, for two years, and was analytical chemist with Messrs Wm Briggs and Sons, oil refiners, East Campdown, Dundee, for the year 1932-1933. He has been on the teaching staff of Beath Secondary School for 18 months.

For the headmaster-ship in the West Indies there were 396 applicants, and a long list was cut down to four.

The School collects the pupils from two islands—St. Kitts and Nevis.

New Harrison Liner.

The Passenger vessel "Inkosi" intended for the Harrison Line service between London and the West Indies was launched on February 25th at the Wallsend-on-Tyne yard of Messrs Swan, Hunter & Wigham Richardson Limited.

She is expected to be completed in time to sail from London on her maiden voyage on June 18th. Her accommodation includes a good number of cabins with private bathrooms or shower bathrooms attached, the public rooms are to be decorated in a modern style, panelled chiefly in light woods. An up-to-date system of mechanical ventilation is being installed throughout the ship which should add greatly to the comfort of passengers during hot weather.

Each cabin will contain wardrobes of good size, chests of drawers, full length mirrors, reading lights and lavatory basins fitted with running hot and cold water.

The "Inkosi" when full will carry 83 passengers and it is obvious from the generous dimensions of the cabins that it has been the policy of the owners when planning the lay-out of the vessel to offer a high standard of comfort for this number rather than to make provision for a large number of passengers.

Passengers Arriving

R.M.S. Lady Drake from the Southern Islands arrived here this morning with 90 tons cargo 12 bags mail and the following passengers:

From Demerara: Mrs. E. Mac Donald & Mstr. MacDonald.

THE NEW 1937 CHEVROLET

The Complete Car...Completely New

Acclaimed everywhere as the "newest car in the low-price field," the New 1937 Chevrolet is in demand for personal demonstrations by motorists of St. Kitts! And new record sales are conclusive proof of the convincing value this new Chevrolet brings!

Such remarkable new features as Chevrolet's totally new All-Silent, All-Steel Bodies, combining, for the first time, SILENCE and SAFETY; and the powerful, thrifty completely new Valve-in-Head Engine—are typical of the progressive advancements the New Chevrolet introduces. Come prove for yourself that the New 1937 Chevrolet is the most thoroughly safe, thoroughly tested, thoroughly dependable car in the low-price field.

IN TRUCKS.

it's pulling power that counts.....and the new Chevrolets for 1937 have the greatest pulling power of any trucks in the entire low-price range!

Moreover, they give this greater pulling power with the lowest gas and oil costs, with the lowest maintenance costs and with maximum all round economy!

They are the world's thriftiest high-powered trucks; and the whole secret of their extra pulling power, extra thrift, extra safety and dependability is the fact that they have a combination of features not found in any other low-priced truck.

A. M. LOSADA, Agent.

This effective remedy has a two-fold function. It may be used both externally and internally. It is truly the housewife's best friend, a marvellous reliever of pain. Always keep it handy. Sold in one size only—never sold in bulk. Get the genuine.
